

Natasha has lived in Roswell for 8 years and lived in New Mexico for almost 20 years. I have worked in the Roswell community through various initiatives to bring unity in our city through prayer rallies and youth events. I am a member of Gateway Church International under the leadership of Rick and Linda Rapp. In addition, I am a member of the Roswell Chamber of Commerce and serve on the Keep Roswell Beautiful board as the secretary. With my Masters in Business Administration degree from the University of New Mexico – Anderson School of Management, I am a viable candidate to help assist in the business affairs of the city of Roswell. In addition, I am a small business owner and many residents know me fondly as the “Jewelry Lady.”

Becoming a City Councilor is another way that I can honor God and serve my community. I will be a fresh voice for Ward 1. As a mover and shaker, it is my desire to represent my constituents with integrity and honor. I will work to promote a safe community, bring in new businesses to Roswell and support current businesses and improve the aesthetic appeal of our city. Each of these areas will help to revive Roswell and make our city a dynamic force in Southeastern New Mexico.
